Our mission

We deliver innovative and world-class solutions within the parts management business and we develop extended distribution and parts support services to every unique customer and supplier in the global aerospace value chain.

We are One / Team Work!

We feel, act and behave as one large family - We are One - and create an engaging and inclusive workplace that favours wellbeing, fun and trust to drive teamwork.

Creativity

We are curious, courageous, passionate, open-minded and recognise creativity at all levels.

Respect

We treat each other and all stakeholders as we wish to be treated, with respect, embracing diversity.

Customer Focus

We partner with our customers to deliver valuable and sustainable solutions together.

Integrity

We act with integrity and take appropriate consequences to eradicate unethical and non-compliant behaviours.

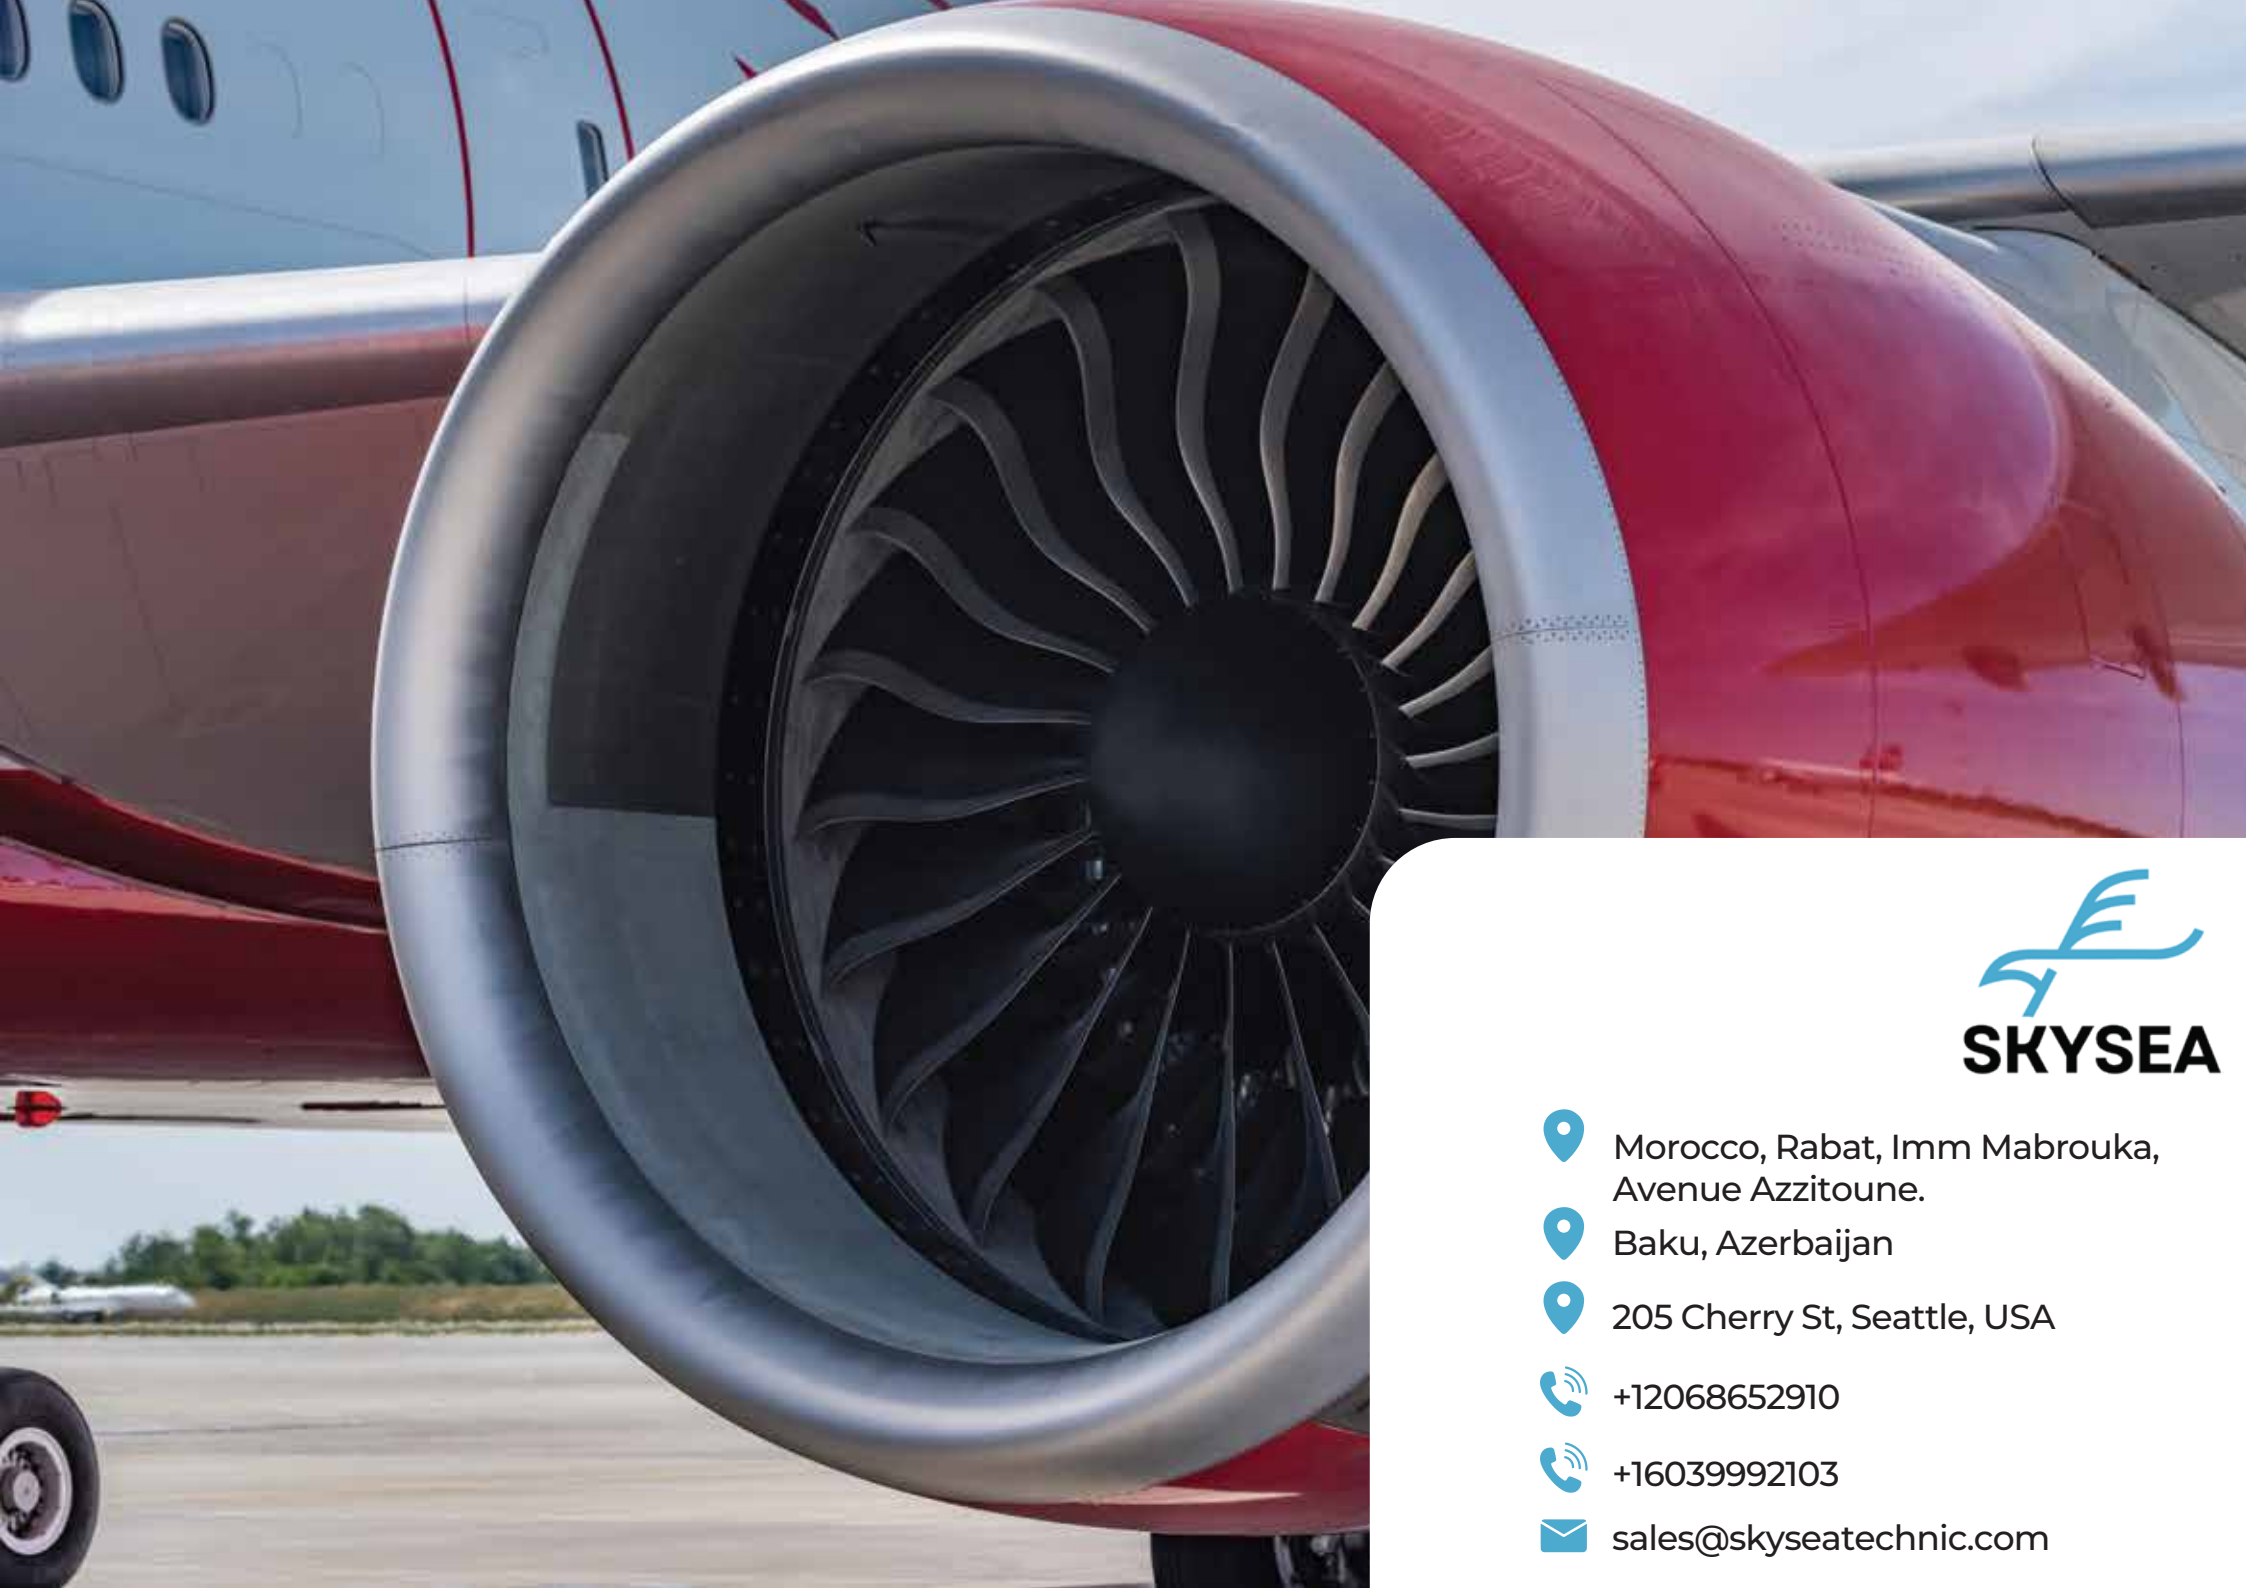

Reliability

Our reliability drives our competences and mindset to deliver on time, on cost and on quality.
